***Note: A maximum of 10 points per day will automatically be deducted for each day FINAL research and/or major test/projects are turned in late.**

Procedures:

1. If you turn in an assignment the day after it's due, it is **late** and will be taken for up to half credit only. However, if we go over an assignment's answers in class, you may **not** turn it in late. Turning in work after one day late is **unacceptable** and will result in a zero. Budget your time and plan your assignment due dates accordingly.
2. All work will be submitted the day it is due at the beginning of the period.
3. Students are expected to be prompt, prepared, polite, and productive during class time.

****Any cheating or plagiarism on work that you turn in will result in a zero and your parents will be notified.**

**** Plagiarism** Plagiarism is using the ideas or words of **any** other person as if they were your own, whether that person is your friend or a published writer. It doesn't matter whether you copy from a neighbor or from a book; if the words or ideas are **not your own**, then you have plagiarized. If you copy out of a book, magazine, encyclopedia, or other source (i.e. internet) without proper documentation (end notes and bibliography), you are plagiarizing. Cheating during a test, homework, or classwork, whether you copy from a friend's paper, use work for a previous teacher, or your own "cheat sheet is also plagiarism". The penalty for **any form** of plagiarism, including cheating, is a **zero**. If you have any questions at all, please ask.
